

Precision and Productivity

Brunner Anliker GSM5—Blazingly fast and easy prep

High Volume, labour-saving speed

Slice, dice, julienne, chop, grind, grate and so much more - over 50 different slicing disk options available and a production capacity of greater than 300 lbs per hour!

It's been said that the Chef's knife is one of the most expensive pieces of equipment in the kitchen because of the arm that operates it. Now anyone can slice, dice, chop, grate, grind and so much more with ease with Brunner Anliker's GSM-5. Swiss made so you know it's made with precision and built to last. Perfect for commercial kitchens of all sizes.

Drawing for better nutrition
