55346 Maple Leaf RWA Farmers Sausage

Our Antibiotic Promise means No Antibiotics Ever!

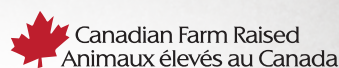

No antibiotics ever means exactly that none of our products come from animals given antibiotics. If an animal gets sick, we will work with our veterinarians to consider all options of treatment to protect animal health and welfare, but if the animal requires antibiotics, it will not be part of the antibiotic free program.

The Antibiotic Issue

When animals are given antibiotics, it can lead to the development of antibiotic-resistant bacteria in the animal, which can be potentially spread to other animals and eventually humans.
